

June is Men's Health Month; Daily Skincare is part of Year-Round Health for Men

IRVINE, Calif., June 24, 2025 /PRNewswire/ -- "At Arbonne, we believe skincare is health care, and it's just as important for men as for women," reported Jen Orlando, CEO of Arbonne. "Skin is the largest organ of our bodies and men's health benefits from a good skin care routine, that will serve them throughout their lives."

For skin health, [Arbonne](#) has men covered (and not just with sunscreen):

Keep skin vegan clean with [Energizing Soap Bar with Charcoal](#), from Arbonne's Groomwell product line for men. This charcoal soap is formulated to deliver soothed skin, purified pores and deep down clean. It features moisturizing Aloe Vera Leaf Juice and Hematite with antioxidant benefits and the invigorating scent of Turmeric.

Skin health starts from within: [Arbonne's BeWell Daily Multivitamin & Mineral](#) combines a comprehensive multivitamin to fill nutritional gaps for men and women with AstaReal®* Astaxanthin, a potent antioxidant renowned for its skin health benefits. The multivitamin provides a full daily spectrum of essential vitamins and minerals plus skin support in a tasty, vegan gummy.+

Hair or no hair, men may be skimping on scalp care: [Haircare Scalp Elixir](#) is designed to nurture the scalp and reduce buildup from product and sebum to support a healthy scalp microbiome and help maintain a balanced scalp ecosystem. This skincare-inspired formula is clinically tested. It improves scalp appearance, visibly reduces build up, and improves the appearance of hair density and volume.

Finally, all skin needs protection from the damaging rays of the sun. [DermResults Soft Focus Veil SPF 30](#) delivers 100% mineral-based sun protection with a natural skin tint and is good for all skin types. Shea Butter and plant-derived waxes help improve emollience during application, moisturization, skin comfort and lasting wear.

The men's health products are available at [arbonne.com](#).

Rooted in Science. Guided by Standards.

Arbonne's skincare, nutrition, body care and hair care products are available through Arbonne Independent Consultants and at [arbonne.com](#). Each product reflects Arbonne's guiding principles: using plant-powered ingredients, prioritizing ingredient transparency, and delivering real performance validated through testing.
